

## Quality Assurance

### **ERP Solutions (SAP and Oracle):**

*Idhasoft specializes in offering mySAP™ All-in-One solutions designed to meet the needs of small and midsize businesses with industry-specific IT requirements. Solutions are prepackaged, affordable and quickly implemented, allowing companies to streamline business processes, increase efficiency and achieve a rapid return on investment. Because they are based on the highly scalable and powerful mySAP™ Business Suite, mySAP All-in-One solutions can grow with a business, protecting its investment for the future. As a certified Oracle Partner, we offer extensive services for our customers who are purchasing, implementing, monitoring and maintaining medium to large Oracle environments. Our core Oracle services include Packaged Enterprise Applications, Business Intelligence, Service Oriented Architecture, Oracle Fusion Middleware, Software Licensing, and Offshore Support.*

### **About Idhasoft Incorporated**

Idhasoft is a leading business and IT Services provider for enterprise customers in North America, Asia and Europe. Idhasoft serves five major industry verticals: servicing consumer goods, retail, manufacturing, telecommunications, healthcare, and financial services industries. The company operates with 725 employees worldwide and has over 1200 customers. Idhasoft is one of the fastest growing companies in its sector. Idhasoft is a Certified HP Partner, Oracle Partner and a SAP Gold Partner.

### **Idhasoft Solutions**

Idhasoft delivers strategy, process improvement, and technology solutions that optimize the IT operations for companies with a specialty practice focus on delivering solutions for SAP, Oracle, QA, supply chain, BI, Tibco, BEA and Web Portal. Idhasoft has a strong commitment to offer end to end complete solutions, perfectly tailored made and customized to meet our clients' vision. Our solutions are well packaged and ensure confidence. Idhasoft has proven expertise in Business Process Management, Enterprise Content Management and SOA solutions.”

### **The Solutions**

**Software Quality Assurance:** is a planned and systematic process of all actions necessary to provide confidence that the end product will meet all of the client's needs and expectations. Our consultants specialize in specific automation tools and various aspects of the overall QA process giving you an expertise in your specific QA need. We are a certified HP Partner and can provide the desired testing consultant, deliver the testing project, sell an HP Mercury testing license or provide HP License support. We specialize in testing ERP solutions and have many SAP and Oracle employees ready to work on your next project – on site, from our office or from one of our many off shore development centers.
