

Westbay Solutions Acquired by Idhasoft; Westbay to expand Business Intelligence Service Offering as part of Idhasoft's Focus on Delivering Value to our Customers thru Visibility of Information

By: Paula Milano, Executive Vice President

Idhasoft, Inc. announced today that they have acquired Westbay Solutions Group to round out their SAP "All-in- One Solutions. Westbay Solutions will be merged with Idhasoft's SAP division.

Idhasoft, the fastest growing private company in India, announces the acquisition of Westbay Solutions Group, a GOLD SAP Business Objects Partner with 15 years experience in delivering Business Intelligence Solutions. Idhasoft will leverage Westbay's Business Intelligence expertise to develop "out of the box" industry Business Intelligence across their vertical solutions.

As a GOLD SAP Channel Partner and Solution Provider, Idhasoft will remain focused on delivering Industry solutions by providing Industry "Best Practices" and Industry specific implementation tools and methodology. "We believe that the acquisition of Westbay is very strategic for Idhasoft. The combination of our SAP All-in-one solutions with industry pre-defined Business Intelligence will drive significantly more value to our customers," said Idhasoft President, Sudhir Saxena. "We will serve the customers as a one stop shop with our global delivery capabilities. This acquisition also brings significant value to Idhasoft's over 1000 customer base."

"Westbay is excited to take this next step in our evolution," said Dennis Kause, founder and CEO of Westbay Solutions. "The returns associated with effective Business Intelligence are numerous, and delivering pre-defined industry Business Intelligence solutions will accelerate enhanced enterprise-wide business value for our clients."

About Idhasoft
